Sophomore Showcase: Sharing What We Do!

Sophomores testing out the sensory path made by CAPS ED students

On Friday November 16 and Monday November 19, CAPS Education Exploration students welcomed sophomores from various schools and districts to tell them more about the program and give students the opportunity to engage in authentic activities.

The day included:

- A brief presentation about the program
- A “think like a teacher” seating chart activity
- A Jeopardy game
- Walking the sensory path

Sophomores had a great time learning about Education Exploration!

School Visits!

CAPS ED students have been learning about the difference between public, private and charter schools. During the week of November 12 we had the opportunity to tour two charter schools: Ewing Marion Kauffman School and KIPP Endeavor. We learned about the unique features of each school and even had the opportunity to sit in on classes.

College Connection—University of Central Missouri

On November 20, CAPS ED students had the opportunity to participate in a personalized tour of UCM and meet with a student panel of current education majors.

Raytown's Grow Your Own Program!

A huge thank you to Dr. Devilbiss for coming to Spring Valley to talk about the district's Grow Your Own Loan Forgiveness Program! Each year, Raytown Schools provides college financial assistance to 4 seniors who commit to coming back and teaching in the district after completing their education degree in a high need area. A perfect opportunity for CAPS ED students!

Looking Ahead- Important Dates:

12/3—12/14	Internship # 4
12/21	No PM Session
12/24—1/4	Winter Break
